AMAN RAJ

Business Operations | Operations Management | Process Excellence

Bokaro, Jharkhand, India | +91 96619 07313 | p18amanr@gmail.com | linkedin.com/in/p18amanr | Open to Relocation or Remote

PROFESSIONAL SUMMARY

Business operations professional with 6+ years running multi-site field operations, workforce planning and process excellence at scale across four states. Planned and controlled an INR 1.2 Crore per-cycle operations budget, reduced cost per sample from INR 400+ to INR 280+ (~30%), and cut field travel expenditure by INR 8 Lakh through route optimization modeling. Scaled operations to a 600+ agent workforce, trained and onboarded 1,000+ agents and supervisors, and recovered a stalled statewide program to close within three days of its original deadline. Built an analytics function from zero to 10 analysts with 8 direct reports, owning hiring, onboarding, KPI definition and performance management. Lean Six Sigma Green Belt with a record of cycle-time reduction, root cause analysis and forecasting-led capacity planning. MBA, IIM Indore.

SKILLS

Business Operations: Operations Management, Multi-Site Operations, Field Operations, Operational Excellence, Operational Planning, Budget Planning and Control, Cost Optimization, Unit Economics, Resource Allocation, Vendor Management, Compliance and Audit, Service Delivery, SLA Management

Workforce and Capacity: Workforce Planning, Capacity Planning, Hiring and Onboarding, Training Program Design, Performance Management, Incentive and Pay Structure Design, Team Leadership, People Management, Demand Forecasting

Process Excellence: Lean Six Sigma (DMAIC), Process Improvement, Continuous Improvement, SOP Design and Standardization, Root Cause Analysis, Quality Assurance, Cycle-Time Reduction, Fraud and Bias Controls, Program Recovery and Turnaround

Analytics and Reporting: KPI Management, KPI Dashboards, Reporting Automation, Operational Analytics, MIS Reporting, Executive Reporting, Forecasting Models, Route Optimization Modeling

AI and Productivity Tools: Generative AI Tools (ChatGPT, Claude, Gemini), Prompt Engineering, AI-assisted Research and Analysis, AI-assisted Reporting and Documentation, AI-enabled Workflow Automation

Tools: Python, SAP, Advanced Excel (Pivot Tables, VLOOKUP), Google Workspace, Google Apps Script, Metabase, Tableau, SPSS, Slack

PROFESSIONAL EXPERIENCE

Career Break | *Bokaro, India*

UPSC Civil Services Examination Preparation | May 2025 – Aug 2026

- Full-time preparation for the UPSC Civil Services Examination, with structured study of the Indian economy, public policy, governance and current affairs.

Dhruv Research | *Gurgaon, India* | *Oct 2021 – May 2025*

Reported to the CEO, COO and Director of Operations.

Associate Manager (Field and Business Operations) | Sep 2024 – May 2025

- Planned and controlled an INR 1.2 Crore per-cycle field operations budget covering workforce, travel and vendor spend, owning allocation planning, in-cycle cost tracking and corrective action against delivery targets.
- Directed a 150-member field workforce across a statewide operation, owning deployment, daily throughput targets and quality thresholds through the full cycle, collecting 325,000+ samples across 70 constituencies ahead of the committed date.
- Deployed and audited a 240-member field force, holding sampling quality and process compliance steady across the cycle through structured monitoring and spot audits.
- Built the Analytics Division from zero to 10 analysts with 8 direct reports, defining structure, roles, reporting lines and operating cadence; owned hiring end to end and designed the onboarding and training program that brought analysts to full productivity.
- Defined the division's KPIs and ran performance management against them, owning task allocation, daily huddles and the appraisal cycle.
- Ran a daily cross-functional cadence across Operations, Data, Analytics, Project Management and Field to clear operational blockers before they affected delivery timelines, escalating unresolved risks with recommended options.
- Reported daily to senior management and weekly to the leadership team on operational progress, issues and corrective actions, supported by KPI dashboards and a live RAID log.
- Delivered a multi-district operation covering 38 districts and 243 assembly seats, with every milestone on schedule against a fixed end date.
- Forecasted seat share and vote share for leadership decision-making, calling 77% of seats correctly with vote share within a 3% margin of error.

Senior Associate, Strategy and Operations | Oct 2021 – Aug 2024

- Reduced cost per sample from INR 400+ to INR 280+, a ~30% unit-cost reduction achieved by eliminating avoidable spend and raising first-pass sampling quality, which removed the need for repeat collection.

- Recovered a stalled statewide operation in Gujarat that had produced zero completed constituencies after 15 days, taking operational control, retraining field teams, resetting targets and restructuring agent pay from fixed daily allowance to performance-linked, cutting the projected delay from 15 days to 3.
- Reduced field travel expenditure by INR 8 Lakh against the operations budget by building a latitude-longitude route optimization model, converting ad-hoc travel booking into planned, cost-controlled deployment.
- Scaled the field workforce to 600+ agents across multiple districts and built the onboarding and training program that made the scale-up deliverable; trained and onboarded 1,000+ field agents and supervisors across programs.
- Managed manpower supply and call center vendors, contracting field agent hiring capacity and holding vendor partners to defined sampling quality standards through structured monitoring.
- Designed the field SOPs and monitoring routines that standardized execution across every operating geography and gave leadership consistent, comparable KPI visibility.
- Automated field team dashboards using Google Apps Script and Metabase, providing live operational visibility into sampling targets, representative-sample gaps, KPI performance and sample rejection reasons.
- Directed a 180-agent field force and the daily reporting system against a compressed operating timeline, closing with no slippage.
- Built a respondent-level fraud detection control that identified and removed suspect records before they entered the working dataset, protecting output quality.

Pristyn Care | *Gurgaon, India*

Manager, Medical Services | Dec 2020 – Oct 2021

- Built a city-wise demand forecasting model that became the basis for in-house capacity planning and drove a measurable increase in practitioner utilization across the network.
- Onboarded 23 practitioners across Tier 2 and Tier 3 cities, redesigning onboarding end to end and replacing an inconsistent intake with a standardized week-long orientation and training program.
- Established ongoing performance measurement for the practitioner network against defined service and utilization metrics, giving leadership visibility into network productivity.

Tata Steel | *Jamshedpur, India*

Maintenance Assistant, Coke Plant Operations | Jun 2016 – Jun 2018

- Ramped a 1.75 MTPA plant to full operation in a record 35 days as part of the commissioning team, working to a fixed start-up schedule.
- Reduced machine cycle time by 20 minutes through operational re-sequencing, increasing throughput capacity on the line.
- Led root cause analysis on repeat equipment failures and commissioned a dust collector system, tracking corrective actions and KPI records in SAP.

EDUCATION

Master of Business Administration (Post Graduate Programme in Management), 72.14% | 2018 – 2020
Indian Institute of Management (IIM) Indore

Bachelor of Arts, Economics (Honours), 63.63%, Rank 5 of 132 | 2016
Nalanda Open University, Patna

CERTIFICATIONS

- Lean Six Sigma Green Belt, KPMG at IIM Indore
- Operations Analytics, Wharton Online (University of Pennsylvania)
- Data Visualization with Tableau, UC Davis

PROJECTS, ACHIEVEMENTS AND LEADERSHIP

- HR Analytics Framework, Avtec Business Solutions: Analyzed attrition drivers and cost-to-sales ratio and built the business case for reducing attrition from 13.9% to 11.2%.
- Go-to-Market Study, Luminous Power: Ran 63 stakeholder interviews and SPSS-based segmentation to define buyer personas and inform market entry positioning.
- Top 5 percentile in Operations Management and Pricing among 500+ students, IIM Indore (2020); Runners-up, KPMG Six Sigma Competition.
- Campus Finalist, Mahindra War Room (2019); Campus Runners-up, Asian Paints Canvas (2019), among 500+ competing teams.
- Senior Member, Udaan and Utsaha, IIM Indore: drove 8,000+ runner footfall and raised INR 2.5 Lakh in sponsorship revenue.
