UPSC Civil Services Examination Preparation | May 2025 – Aug 2026

- Full-time preparation for the UPSC Civil Services Examination, with structured study of Indian polity, governance, public policy, the economy and current affairs.

Dhruv Research (Political Research and Consulting) | *Gurgaon, India* | *Oct 2021 – May 2025*

Reported to the CEO, COO and Director of Operations.

Associate Manager (Electoral Research and Field Operations) | Sep 2024 – May 2025

- Owned a statewide electoral survey across all 70 Delhi assembly constituencies end to end, from questionnaire design and the representative sampling plan through field sampling to the final report, delivering 325,000+ samples ahead of the committed date.
- Forecasted seat share and vote share from constituency-level survey data, calling 77% of seats correctly with vote share within a 3% margin of error, delivered ahead of deadline.
- Led a baseline and pre-poll survey program across 38 districts and 243 assembly constituencies, tracking electoral trends across constituencies and delivering every milestone against a fixed, non-negotiable end date.
- Analyzed and cross-verified field findings against political developments and ground sentiment, and prepared reports with actionable insights for decision-makers.
- Ran sample audit and quality for a 240-member field force through structured monitoring and spot audits, identifying irregularities in sampling and holding process compliance steady across the cycle.
- Directed a 150-member field workforce at constituency level, owning deployment, daily sampling targets and quality thresholds through the full survey cycle.
- Ran a daily coordination cadence across Operations, Data, Analytics, Project Management and Field teams, and reported daily to senior management and weekly to the CEO and COO using trackers, KPI dashboards and a live risk log.
- Planned and controlled an INR 1.2 Crore per-cycle field budget covering workforce, travel and vendor spend.
- Built the Analytics Division from zero to 10 analysts with 8 direct reports, owning hiring, training and the quality of client-facing analysis and reports.

Senior Associate, Strategy and Operations | Oct 2021 – Aug 2024

- Recovered a stalled statewide survey in Gujarat that had produced zero completed constituencies after 15 days, taking on-ground control, retraining field teams, resetting targets and moving agent pay to performance-linked, cutting the projected delay from 15 days to 3.
- Built a respondent-level fraud detection control that identified sampling irregularities and removed suspect interviews before they entered the working dataset, protecting the integrity of survey results.
- Reduced cost per sample from INR 400+ to INR 280+ (~30%) by raising first-pass sample quality and removing repeat collection.
- Designed field SOPs and monitoring routines that standardized sampling execution and quality checks across every geography.
- Automated field dashboards using Google Apps Script and Metabase, giving live visibility of sampling targets, representative-sample gaps and sample rejection reasons.
- Scaled the field workforce to 600+ agents and trained and onboarded 1,000+ field agents and supervisors on survey administration and sampling protocols.
- Coordinated manpower supply and call center vendors, aligning field and calling operations and holding vendors to defined sampling quality standards.
- Reduced field travel expenditure by INR 8 Lakh with a latitude-longitude route optimization model for field team movement.

Pristyn Care | *Gurgaon, India*

Manager, Medical Services | Dec 2020 – Oct 2021

- Built a city-wise demand forecasting model used for capacity planning, increasing practitioner utilization across the network.
- Onboarded 23 practitioners across Tier 2 and Tier 3 cities through a standardized week-long orientation and training program, coordinating with local stakeholders.

Tata Steel | *Jamshedpur, India*

Maintenance Assistant, Coke Plant Operations | Jun 2016 – Jun 2018
