AMAN RAJ

Chief of Staff | Strategy and Operations | Business Operations

Bokaro, Jharkhand, India | +91 96619 07313 | p18amanr@gmail.com | linkedin.com/in/p18amanr | Open to Relocation or Remote

PROFESSIONAL SUMMARY

Strategy and operations professional with 6+ years running the operating cadence behind large-scale delivery programs, reporting directly to the CEO, COO and Director of Operations. Established the executive review cycle, KPI dashboards and RAID governance that gave leadership a single decision-ready view of delivery, risk and budget exposure across programs spanning four states, 243 assembly seats and 325,000+ samples on an INR 1.2 Crore per-cycle budget. Built a 10-analyst function from zero with 8 direct reports, owning organization design, hiring, KPI definition and performance management. Drives cross-functional alignment across Operations, Data, Analytics, Project Management and Field, prioritizing competing demands, clearing blockers and escalating with recommended options; has taken direct control of a stalled program to bring it back on schedule. MBA, IIM Indore. Lean Six Sigma Green Belt.

PROFESSIONAL EXPERIENCE

Career Break | *Bokaro, India*

UPSC Civil Services Examination Preparation | May 2025 – Aug 2026

- Full-time preparation for the UPSC Civil Services Examination, with structured study of the Indian economy, public policy, governance and current affairs.

Dhruv Research | *Gurgaon, India* | *Oct 2021 – May 2025*

Reported to the CEO, COO and Director of Operations.

Associate Manager (Executive Reporting and Program Operations) | Sep 2024 – May 2025

- Established and ran the executive reporting cycle for the organization's largest programs, reporting daily to senior management and weekly to the CEO, COO and Director of Operations on progress, open issues, risks and actions taken, supported by KPI dashboards and a live RAID log.
- Built the Analytics Division from zero to 10 analysts with 8 direct reports, defining organization structure, role charters, reporting lines and operating cadence for a function that did not previously exist.
- Ran a daily cross-functional cadence across Operations, Data, Analytics, Project Management and Field, owning the end-to-end timeline, resolving competing priorities between functions and escalating unresolved risks to leadership with recommended options.
- Owned a statewide program end to end across all 70 Delhi constituencies, from design and methodology through execution to the final leadership report, delivering 325,000+ samples ahead of the committed date.
- Planned and controlled an INR 1.2 Crore per-cycle operations budget covering workforce, travel and vendor spend, owning allocation planning and in-cycle cost control.
- Produced the seat share and vote share forecast used as the basis for leadership decisions, calling 77% of seats correctly with vote share within a 3% margin of error, ahead of deadline.
- Defined the analytics function's KPIs and ran performance management against them, owning task allocation, daily review huddles and the appraisal cycle.
- Owned workforce planning and end-to-end hiring for the new function, from role definition and candidate evaluation through offer and joining.
- Acted as the primary client interface, converting client requirements and escalations into internal delivery plans.
- Led a baseline and pre-poll program covering 38 districts and 243 assembly seats, delivering every milestone on schedule against a fixed end date.

Senior Associate, Strategy and Operations | Oct 2021 – Aug 2024

- Took direct control of a stalled statewide program in Gujarat that had produced zero completed constituencies after 15 days, retraining teams, resetting targets and restructuring agent pay from fixed allowance to performance-linked, cutting the projected delay from 15 days to 3.
- Reduced cost per sample from INR 400+ to INR 280+, a ~30% unit-cost reduction delivered by cutting avoidable spend and raising first-pass quality to remove repeat collection.
- Designed the SOPs and monitoring routines that standardized execution across every operating geography and gave leadership consistent, comparable KPI visibility for the first time.
- Automated leadership and field dashboards using Google Apps Script and Metabase, surfacing live sampling coverage, performance against KPIs and rejection reasons without manual reporting effort.
- Scaled the field workforce to 600+ agents and built the onboarding and training program that made the scale-up deliverable, training and onboarding 1,000+ agents and supervisors across programs.
- Managed manpower supply and call center vendors, contracting hiring capacity and holding partners to defined quality standards.
- Reduced field travel expenditure by INR 8 Lakh through a latitude-longitude route optimization model for workforce movement planning.
- Directed a 180-agent field force and the daily reporting system against a compressed timeline, closing with no slippage, and built a respondent-level fraud detection control protecting dataset integrity.

Pristyn Care | *Gurgaon, India*

Manager, Medical Services | Dec 2020 – Oct 2021

- Built a city-wise demand forecasting model that became the basis for in-house capacity planning and drove a measurable increase in practitioner utilization across the network.
- Onboarded 23 practitioners across Tier 2 and Tier 3 cities, redesigning onboarding end to end and replacing an inconsistent intake with a standardized week-long orientation and training program.
- Established ongoing performance measurement for the practitioner network against defined service and utilization metrics, giving leadership visibility into network productivity.

Tata Steel | *Jamshedpur, India*

Maintenance Assistant, Coke Plant Operations | Jun 2016 – Jun 2018

- Ramped a 1.75 MTPA plant to full operation in a record 35 days as part of the commissioning team, working to a fixed start-up schedule.
- Reduced machine cycle time by 20 minutes through operational re-sequencing, increasing throughput capacity on the line.
- Led root cause analysis on repeat equipment failures and commissioned a dust collector system, tracking corrective actions and KPI records in SAP.

EDUCATION

Master of Business Administration (Post Graduate Programme in Management), 72.14% | 2018 – 2020
Indian Institute of Management (IIM) Indore

Bachelor of Arts, Economics (Honours), 63.63%, Rank 5 of 132 | 2016
